

HOW CAN I GET FAST SUPPORT?

The first question you might have when working with us is.. **How do I Get Fast Support**, so here's our recommended ways -

	<p>USING THE TRAVEL TECH APP</p> <p>This is the easiest and fastest way to get Help.</p> <p>Simply click on our logo next to your Clock (it looks like this: ) and a window will pop-up, guiding you easily through the process!</p>
	<p>BY SENDING US AN EMAIL</p> <p>If you'd prefer email, simply shoot us an email to support@traveltechsupport.com</p> <p>This will automatically pop-up in our system and we'll work on to it as soon as possible. You'll get an automated reply confirming we've got it!</p>
	<p>BY CALLING US</p> <p>You can call us 24 x 7 x 365 at (256) 970-4558 whenever you need help; however, creating a ticket through the app is generally the fastest way to get your issues resolved.</p> <p>If you need help URGENTLY, make sure you call us rather than use any of the other methods.</p>
